DETAILED ACTION

The Appeal Brief received 12/6/04 and the Amendment B Under 37 C.F.R. § 1.116 received 8/24/04 has been entered. Claims 6, 10, 11, and 15-17 remain pending in this application. The amendments to the claims and Applicants' Remarks/Arguments have overcome the objections and rejections recited in the prior Office actions mailed 10/14/04 and 6/14/04.

Allowable Subject Matter

1. Claims 6, 10, 11, and 15-17 are allowed; and are renumbered as 1-6.
2. The following is an examiner's statement of reasons for allowance:

Applicants' Appeal Brief received 12/6/05 has clearly pointed out the patentable novelty features and the differences between the claimed inventions defined in the independent claims 6, 11, and 16 (which is renumbered as 1, 3, and 5, respectively) and the Bi et al's reference (U.S. Patent No. 6,262,719). Specifically, the device comprising: *"the double-click input event is determined by double-click interval times that are different if the touch panel is double-clicked with a stylus pen or with a finger, and wherein the finger is recognized by having a larger contact area with the touch panel than the stylus pen"*; and the "distance" between click events as taught by Bi et al does not teach or suggest an "area" defined as a "contact area" on a touch panel as claimed. See The Appeal Brief, pages 4-6.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
